"A great place for our reunion.....like us it may be aging but still has elegance, style and lots of character"

We started newsletter #6 with the above quotation. It made us think and submit the following.

Dear Classmates,

With the exception of the database team, we know many of you have aged.

We do have to be alert for certain possible liabilities during the event. Therefore we ask your cooperation for the following;

We reserve the right to check hand brakes on walkers.

We need forbid the entry of shopping carts at the reunion.

If people leave their shopping carts in the parking lot, they must take care lest a gust of wind takes hold of the cart and sends it hurtling into a parked car.

There will be a valet service for all walkers outside the dance area. Especially needed, during the twist contest.

On a more serious topic we now have a formal refund policy. This has been approved by the Event Committee.

Refund policy:

The classmates who have been putting together this event have done so at personal financial cost and also vast amounts of time. Non-refundable funds have been put down to cover the cost of renting the Old Mill, as well as other event costs. Those grads who have paid to date barely cover those expenses and, in the near future, more money will have to be deposited to secure our reservation.

This is a non-profit event. We hope you understand that we need your financial support as soon as possible. It's going to be an amazing event of memories and we'd love to see you there, but to fulfil our financial obligations, we need you to commit ASAP. Since we have committed to these costs in advance, we are not in a position to offer refunds at this point in time. **However once the event takes place, if for any reason you are unable to attend, our first priority will be to refund, proportionally any funds you paid in. These funds will be taken from any monies we have left over.**

Over the next few newsletters we plan to share direct comments from various committee members. They will bring you up to date with some of the activities and preparations that are underway.

Why Toronto?

Besides the venue of the Old Mill, you can enjoy the City of Toronto itself.

In the 60s we used to say the only good thing about Toronto was it had roads to Montreal. Now it has had a major infusion of Montrealers and has blossomed into one of the major destination cities of the world. It may have been the importation of Montreal smoked meat. Rumour has it, some committee members want to lead a group to a smoked meat place in Toronto. We've heard comparisons to Dunns, Chenoy's, and of course Schwartz. Blasphemy we say. This is reason enough to check out Toronto.

Gina (Davies) Cayer, MCHS 67, has found a great video to help promote Toronto as the MCHS 2015 reunion destination. Enjoy the link, it will give you a flavour of this wonderful city.

Of course the best thing of all is we will all be there together.
So there will be more than 5 things to do.
