### Planning and Growth Committee: Mimico GO Station

At its April 11 meeting, the City's Planning and Growth Committee introduced a surprise motion asking staff to study the relocation of the Mimico GO station. While I strongly support the construction of a new GO station in the Humber Bay Shores neighbourhood, removing the Mimico GO station is not the way to accomplish this.

I urge local residents to send your comments to the Planning and Growth Committee at [pgmc@toronto.ca](mailto:pgmc@toronto.ca).

Sincerely,

Mark Grimes

## Marie Curtis Park Construction

---

In the fall of 2012 TRCA commenced with the construction of planned improvements at Marie Curtis Park East and West. Work on the east side was substantially completed by year end, excluding the completion of a new bioswale feature, installation of a small drainage system and final site restoration.

Please be advised that TRCA is preparing to re-mobilize at Marie Curtis Park on Monday, April 22nd, weather permitting, to complete the remaining works on the east and west sides.

While TRCA will make every attempt to minimize disruption to park users during construction, multiple areas of the park may be under construction at the same time in an effort to complete all remaining work as quickly as possible.
