Dear fellow MCHS grad,

The MCHS 60s Reunion & Celebration of the 60s.

We hope you share our excitement and anticipation about the Celebration of the 60s next Oct 17th, 2015. To date we have 130 names of folks who have expressed some interest for the event, with 19 of them having formally committed themselves to being there. In speaking with a few of you, it seems our classmates are looking forward to this fantastic opportunity to rekindle old friendships. How could it not be anything but great? Let's see now - good *food* - old *friends* - good *wine* and yes, Faye, *dancing* to the sounds we all loved.

Just to wet your appetites, get the juices flowing and the memories fired up - we've included a couple of links:

It's been said, **if you can remember the 60s, you were not really there**. If you missed it the first time, perhaps this event will shake up those cobwebs.

Over the next weeks and months, we'll send you updates on the menu, playlist, wine list and the growing list of those on the database.

Which brings us to the task at hand:

Attached you'll find a list of the names of folks we have in the data base today. If you wish to be able to contact one or more of these folks, please contact Howard Hight hahight@gmail.com. Your request will be forwarded to the person you wish to contact. It will be up to the recipient to respond to you directly. We are ensuring that privacy issues will not come into play.

Now we **NEED** you to take a look at the attached database name list. We **NEED** you to "take action" now, "get involved". As James Brown once said....." Please, Please' Please....."

This will be a very successful event and a lot of fun. But life is all about degrees of success. We need you to reach out to your former classmates and ask them to contact Howard Hight hahight@gmail.com to get on the database.

We need email addresses so we can get folks into the loop. They just need to send their email addresses and they will hear from us.

The database is the key to communications about this event. It is not a case of can you do it. But will you do it? Get those email addresses and send them to us.

It is not the length of the journey, it is the value of the destination that determines the willingness to accomplish it.

Howard is coming up from Boston and Diana is coming all the way from Vancouver. The value is there for them to overcome the distance.

Can we ask you to help us ensure we make this event a night to be never forgotten?

We look forward to seeing you at the MCHS 60s Reunion & Celebration of the 60s!

Sincerely,

The MCHS 60s Reunion Organizing Committee
