

what's new?

Work on Dixie Road South of QEW

What's been done and what's coming up?

- The new sanitary and storm sewers have been installed.
- Underground work on the Dixie Road local distribution watermain will be completed in June.
- After this, we will restore the road, including new curbs and sidewalks.
- Dixie Road between QEW and Lakeshore Road will be reconfigured permitting one lane in each direction with a centre turn lane.
- Work is scheduled to be completed by the end of July.

Traffic control

- To facilitate construction and workers' safety, Dixie Road will continue to be a single lane only, controlled by flagpersons, during non-peak traffic times while the road is being rebuilt.
- Please obey signs and flagpersons!

Thank you for your patience!
