

Waves Pound Island, Flood Streets

Sixty children were sent home from Ward's Island School yesterday when bus drivers told the teacher they couldn't guarantee safe passage. Mary Lou Levitt enjoyed the gallant assistance offered by Peter Walden.

Recent arrivals from Germany, the Kubart family lost furnishings in back bedroom of frame house which was swept away by waves at 535 Lake Promenade, Long Branch. With Mr. and Mrs. Kubart are their children, (in front) Annelie, 5; Ursula, 3; Arno, 7; (at back) Wolfgang, 14; Ingrid, 16.

Pounding waves of an easterly storm have already broken down retaining wall (foreground) and are now undermining frame houses along Lake Promenade at Long Branch. Above-normal level of lake has contributed to destruction. Six families have been taken to Red Cross shelters.
