Re: Notice of Completion

**Queen Elizabeth Way (QEW) Improvements from East of Cawthra Road to West of Etobicoke Creek (Contract 2) Design and Construction Report #2
Detail Design and Class Environmental Assessment Study - G.W.P. 2102-13-00**

The Ontario Ministry of Transportation (MTO) has retained AECOM Canada Ltd. (AECOM) to undertake a Detail Design and Class Environmental Assessment (EA) for improvements to the Queen Elizabeth Way (QEW) from east of Cawthra Road to The East Mall. The project was split into two contracts. Construction of Contract 1 along the QEW from east of Dixie Road to The East Mall commenced in September 2018 and is anticipated to be completed in Spring 2022. Contract 2 covers the works along QEW from east of Cawthra Road to west of Etobicoke Creek and is the focus of Design and Construction Report (DCR) #2. Contract 2 is located in the City of Mississauga, Region of Peel (please refer to the enclosed Notice of Completion).

The proposed Detail Design improvements include:

- Replacement of the QEW / Dixie Road Underpass and reconfiguration of the QEW / Dixie Road Interchange to a full-moves interchange including modifications to municipal roads;
- Replacement of the Ogden Pedestrian Bridge and structural culvert west of Dixie Road;
- Realignment of local service roads;
- Localized QEW widening to accommodate operational and safety improvements and to maintain six lanes of traffic during construction;
- Drainage improvements including the addition of stormwater management ponds;
- Watermain and sanitary sewer works;
- Modifications to / installation of retaining walls, noise barriers, sign-structures, traffic signals and illumination.

This project is following the approved planning process for a Group 'B' project under the *MTO Class EA for Provincial Transportation Facilities (2000)*, with the opportunity for public input throughout the project.

A Design and Construction Report (DCR) has been prepared for Contract 2 and is available for a 30-day comment period. The DCR documents the study process, design details, environmental impacts and mitigation measures, and a summary of consultation undertaken.

The DCR is available for a 30-day public comment period commencing **September 23rd, 2021** and ending **October 22nd, 2021**. The DCR is available on the project website at www.qewdixiedetaildesign.ca/consultation. Construction is anticipated to start in Spring 2022 subject to the availability of funding, provincial priorities, and the receipt of all required approvals.

Interested persons are encouraged to review the DCR and provide comments by October 22nd, 2021.

Information collected will be used in accordance with the *Freedom of Information and Protection of Privacy Act*. With the exception of personal information, all comments will become part of the public record.

If you wish to obtain additional information about the project please visit the Project Website at **QEW Dixie Detail Design.ca**

Should you have any questions or concerns regarding this project, please contact the undersigned or any of the additional members of the Project Team identified on the attached notice.

Sincerely,
AECOM

**Christopher Schueler, P.Eng.
Senior Project Manager**

NOTICE OF COMPLETION
DESIGN AND CONSTRUCTION REPORT #2 (DCR #2)
Queen Elizabeth Way (QEW) Improvements from East of Cawthra Road to West of Etobicoke Creek (Contract 2)
Detail Design and Class Environmental Assessment Study – G.W.P. 2102-13-00

THE PROJECT

The Ontario Ministry of Transportation (MTO) has retained AECOM Canada Ltd. (AECOM) to undertake a Detail Design and Class Environmental Assessment (EA) for improvements to the Queen Elizabeth Way (QEW) from east of Cawthra Road to The East Mall. The project was split into two contracts. Construction of Contract 1 along the QEW from east of Dixie Road to The East Mall commenced in September 2018 and is anticipated to be completed in Spring 2022. Contract 2 covers the works along QEW from east of Cawthra Road to west of Etobicoke Creek and is the focus of the Design and Construction Report (DCR) #2. Please refer to the Study Area map. Contract 2 is located in the City of Mississauga, Region of Peel. Construction is anticipated to be in Spring 2022.

PROPOSED IMPROVEMENTS

- Replacement of the QEW / Dixie Road Underpass and reconfiguration of the QEW / Dixie Road Interchange to a full-moves interchange including modifications to municipal roads;
- Replacement of the Ogden Pedestrian Bridge and structural culvert west of Dixie Road;
- Realignment of local service roads;
- Localized QEW widening to accommodate operational and safety improvements and to maintain six lanes of traffic during construction;
- Drainage improvements including the addition of stormwater management ponds;
- Watermain and sanitary sewer works;
- Modifications to / installation of retaining walls, noise barriers, sign-structures, traffic signals and illumination.

THE PROCESS

This project is following the approved planning process for a Group 'B' project under the MTO *Class EA for Provincial Transportation Facilities (2000)*. Design and Construction Report #2 (DCR #2) has been prepared to document the process, the design details, the environmental effects and proposed mitigation measures, as well as the technical findings of the study. DCR #2 is available for a 30-day public and agency comment period starting **September 23rd 2021** until **October 22nd, 2021**. DCR #2 may be viewed on the project website at www.qewdixiedetaildesign.ca/consultation

COMMENTS

Interested persons are encouraged to review DCR #2 and provide comments by **October 22nd, 2021**. To obtain additional information or to provide comments, please visit our project website at www.qewdixiedetaildesign.ca, or please contact:

AVIS D'ACHÈVEMENT
RAPPORT DE CONCEPTION ET DE CONSTRUCTION (RCC) n° 2
Améliorations de l'autoroute Queen Elizabeth Way (QEW) de l'est du chemin Cawthra à l'ouest du ruisseau Etobicoke
(contrat 2)

Étude de conception détaillée et évaluation environnementale de portée générale – G.W.P. 2102-13-00

LE PROJET

Le ministère des Transports de l'Ontario (MTO) a mandaté AECOM Canada Ltd. (AECOM) pour entreprendre une étude de conception détaillée et une évaluation environnementale de portée générale (EE) dans le cadre du projet d'améliorations du tronçon de l'autoroute Queen Elizabeth Way (QEW) allant de l'est du chemin Cawthra jusqu'au East Mall. Le projet a été divisé en deux contrats. La construction prévue au contrat 1, soit le tronçon de la QEW allant de l'est du chemin Dixie au East Mall, a commencé en septembre 2018 et devrait normalement prendre fin au printemps 2022. Le contrat 2 comporte les ouvrages du tronçon de la QEW allant de l'est du chemin Cawthra à l'ouest du ruisseau Etobicoke, et fait l'objet du Rapport de conception et de construction (RCC) n° 2. Veuillez consulter la carte de la zone d'étude. Le projet du contrat 2 se situe dans la ville de Mississauga, région de Peel. La construction devrait commencer au printemps 2022.

AMÉLIORATIONS PROPOSÉES

- Remplacement du viaduc QEW / chemin Dixie et reconfiguration de l'échangeur QEW / chemin Dixie en un échangeur multi-directionnel, y compris des modifications aux routes municipales;
- Remplacement de la passerelle pour piétons de l'avenue Ogden et d'un ponceau structurel à l'ouest du chemin Dixie;
- Réorganisation des voies de desserte locales;
- Élargissement de la QEW par endroits afin de faire place aux améliorations opérationnelles et sécuritaires et de préserver les six voies de circulation durant la construction;
- Améliorations du drainage, notamment l'ajout de bassins de gestion des eaux pluviales;
- Travaux sur les conduites principales et les égouts sanitaires;
- Modification ou installation de murs de soutènement, d'écrans antibruit, de structures de signalisation et d'éclairage.

LE PROCESSUS

Ce projet respecte le processus de planification approuvé pour les projets du groupe B en vertu de l'Évaluation environnementale de portée générale pour les routes provinciales (2000) du MTO. Le RCC no 2 a été élaboré pour documenter le processus, les détails de la conception, les effets environnementaux et les mesures d'atténuation proposées, ainsi que les constatations techniques de l'étude. Le RCC no 2 fait l'objet d'une période de consultation publique de 30 jours qui s'adresse également aux organismes concernés et qui s'étend du **23 septembre** au **22 octobre 2021**. Le RCC no 2 peut être consulté sur le site Web du projet à l'adresse www.qewdixiedetaildesign.ca/consultation.

COMMENTAIRES

Les personnes intéressées sont invitées à consulter le RCC n° 2 et à soumettre leurs commentaires d'ici le **22 octobre 2021**. Pour obtenir des renseignements supplémentaires ou fournir des commentaires, veuillez aller sur le site Web du projet à l'adresse www.qewdixiedetaildesign.ca/fr-home/, ou communiquez avec les personnes ci-dessous :
